WHO WE ARE

Opening the doors of Germany to French-speaking talent

Campus Allemagne is the mobility programme of the KAGEDEV Cameroon National Representation. We support French-speaking candidates, from Cameroon and elsewhere, toward training, studies, or a job in Germany, with complete support, from the initial assessment to settling in.

Paid from month 1
compensation grows each year

Several sectors
in strong labor demand

A1 to C1
German courses

2
countries, one single follow-up

Our mission

We believe that well-supported professional mobility transforms trajectories. Our mission is to make immigration to Germany legal, clear, and successful, by connecting motivated candidates with German companies and institutions looking for their skills.

- **Seriousness and transparency:** honest support, with no false promises.
- **Rigor:** solid files and real preparation for life in Germany.
- **Proximity:** a team present in Cameroon and a relay in Germany.

Our programmes

Vocational training (Ausbildung)

Work-linked training, paid from the first month, leading to a recognized state diploma and a lasting job, in several sectors in high demand.

Higher education

Admission to a German institution and support with the process, up to obtaining the student visa.

Work

Connecting with German employers and recognition of qualifications, for skilled professionals.

Deutschzentrum KAGEDEV

Our modern, project-oriented German-language center, preparing candidates from A1 to C1 and for the official exams recognized for the visa.

Our approach: end-to-end support

From the first contact to settling in Germany, we follow each candidate step by step.

- Eligibility assessment and building an authentic file.
- Language training up to the required level, with exam preparation.
- Placement with a company or admission, and complete assistance with the visa procedure.
- Reception and settling in: housing, administrative procedures, first bearings.
- Follow-up during training, employment, or studies.
- Opening the way to a lasting stay and permanent settlement.

Our presence

Campus Allemagne is built on a presence in Cameroon, in Douala-Bonamoussadi, and a relay in Germany, to support candidates on both sides of the journey. We are developing a network of companies, institutions, and partners engaged in professional mobility.
